

God's Plan for 2010

1Samuel 1.9-20

November 29, 2009

Intro - When God plans to move, He moves before its time. To truly understand God you have to understand the concept of sowing where you're going. Until you sow into the destiny it nothing changes. I can give you a special seat, but that doesn't mean you're anointed.

You have to sow in order to get your own harvest. Money, friendship, business, ministry, joy...you name it.

When God has plans to move in the coming year the seeds must be sown in this year. The trouble, trials and issues of this year are all preparation for the coming year.

Here is God's Plan for your Year-

- To prosper you
- To reverse every curse
- To bring true fulfillment

1. Permanent barrenness is not the will of God

- Make some deals with God!

My own mother.....

- Pray desperately as if your life depended upon it
- See God's value in your life

She was not a worthless woman...

2. Getting in synch with God's timing!

- You have to get up and keep living!
- Make sure you're faithfully doing your part!
- Wait on the timing and the season to manifest

God's Plan for 2010
1Samuel 1.9-20

3. Who does your harvest belong to?

- The plans are for Him and not you!
- There will come a day when you have to give back!
